This diagram illustrates the assembly of a wooden box. The main view shows the exterior of the box with three brass pins (147, 149, 133) being inserted into pre-drilled holes. The pins are labeled with circled numbers. A line points from the text 'LATON BRASS LAITON MESSING' and 'Ø 2 x 5' to the pins. An inset shows the interior of the box with dashed lines indicating the internal structure and a label '146' pointing to a specific part.
